

## Kate the Kitten's Seasonal Journey

I am a little kitten. My name is Kate. I love playing through the year and exploring as the seasons change. In spring, I watch flowers blossom. I like to jump and catch butterflies. Summer is for lying in the sun and chasing shadows. The warm sun feels nice on my fur. When fall comes, I jump in the leaves. I like the sounds they make. Winter is cold, so I curl up by the fire. I dream about spring and all the fun it will bring.
